May Jesus and Mary be loved by all hearts!

Greetings from Wichita Theotokans

Sister Anne took a van-load of items to Wichita to store in her mom's basement, to lighten her load for her relocation to Wisconsin. On Palm Sunday afternoon 20-30 Theotokans gathered to bid her farewell. The "two hour potluck" went on for four hours! They hope to set up a regular meeting place for friends who want to share their knowledge of practical healing. Medical insurance is becoming unaffordable for many Americans, and many are losing faith in the benefit of conventional medicine. More information will be appearing on the House of Mary website at the "Caring for the Body of Christ" door.
